

## January Meeting Announcement

***TEAM BUILDING = KNOW YOURSELF.***

***Don't let YOU be your biggest obstacle to success.***

**Rhoda & Eric Kreuzer**

Partners In Action, Inc.

Team building requires that YOU KNOW YOU - Who you are. What you are good at. . . . Where you need help. Bring your walking shoes – Cause we're not just going to talk about it. Through group interaction, you will learn about yourself and the people sitting next to you. Warning: You might even discover hidden talents. Rhoda and Eric Kreuzer created Partners In Action 12 years ago. They consult, train, and coach professionals to develop leadership strengths, create excellence in their organizations, and identify ways to reach their goals.

Partners in Action, Inc. owner **Dr. Eric Kreuzer** was a practicing optometrist for many years in the Grand Rapids area. He started and developed a successful optometry practice which at its peak employed four staff members. Eric trained and organized his staff into an effective, service-oriented, eye-care team.

In 1992, Eric sold his practice and later began working for a large non-profit organization. For five years he was employed as a program director where he was responsible for program development, training of leadership teams, writing curriculum, and providing benevolent care. Eric has conducted workshops for many businesses and community service organizations.

Partners In Action, Inc. owner **Rhoda Kreuzer** has over 15 years of experience in Human Resources in the West Michigan area. She has provided expertise to a variety of organizations including engineering, accounting, insurance, manufacturing, medical, and many more.

Rhoda has supervised paid staff as well as volunteers; and has been involved in recruitment and HR, management, leadership, sales, policy decisions, long range planning, and program development.

Rhoda has a degree in Human Resources and is accredited in Volunteer Management. She has served as National Training Director and serves on several community boards. She was honored with several awards including the 50 Most Influential Woman Award in 2008, Alliance of the Year Award in 2001, and Woman of the Year Award in 2002.

Rhoda Kreuzer has conducted workshops nationally, regionally, and locally. She co-hosts a radio program entitled "Good News & Success" on the local NPR station, and has authored a leadership book entitled "The Art of Natural Leadership".
